PERSONAL PROFILE

Results-driven AI Automation Specialist with 4+ years of experience building intelligent workflow systems for businesses worldwide. I help companies eliminate repetitive tasks, automate lead generation, and scale operations using n8n, Zapier, OpenAI, Vapi AI, and CRM platforms. Proven track record of reducing manual work by 70% and delivering end-to-end automation solutions for 20+ clients across multiple industries.

EXPERIENCE

Automation Specialist | Freelance | 2022 - Present

- Architected 50+ automation workflows using n8n and Zapier, saving clients 100+ hours/month.
- Integrated OpenAI, Gemini, and Claude APIs into production business systems.
- Built AI Voice Assistants with Vapi handling 500+ calls/month for service businesses.
- Automated end-to-end lead generation pipelines increasing conversion rates by 40%.
- Designed CRM automation systems in GoHighLevel for marketing agencies.
- Developed custom webhook integrations connecting 30+ SaaS platforms.
- Built responsive WordPress sites with Elementor generating \$50K+ in client revenue.
- Delivered technical consulting and hands-on automation for clients in US, UK, and AU.

FEATURED PROJECTS

AI Lead Generation Platform

Built with n8n, OpenAI, Airtable, Gmail. Features AI lead scoring, enrichment, personalized outreach, and email automation.

AI Voice Receptionist

Built with Vapi AI. Integrated Google Calendar, CRM, appointment booking, and function calling for natural conversations.

Client Onboarding Automation

Automated forms, contracts, invoices, Slack notifications, CRM creation, and task assignment into one seamless workflow.

CRM Automation Suite

GoHighLevel marketing automation, sales pipelines, appointment scheduling, and workflow automation for agencies.
